Are you a Fashion, Culture, Art, Heritage, Sport, Music, landscape lover?
Are you a student, a professional from Educational or Cultural communities?
Are you curious and want to discover European Cultural Heritage?

Join our CrowdHeritage campaigns!

WWW.CROWDHERITAGE.EU
The open platform CrowdHeritage aims to allow everyone to participate in the enrichment of digital cultural heritage content stored in many cultural institutions across Europe. For each campaign, the contributors can improve collections’ metadata by tagging and annotating places, subjects or even colors of images. Join us and together let’s enhance the content of European digital collections!

Discover the campaigns!

Catwalk colours:
Validate the automatically extracted colours of the outfits in these catwalk photos from three iconic couture collections in the EFHA archive.

Representations of famous composers:
Identify famous composers depicted in the picture such as Liszt, Bach, Beethoven or Mozart!

Early musical instruments:
Use your talent to tag the instruments you see in the picture!

Fashion garments’ type:
Add and validate the object type of historical fashion garments!

Sports and leisure:
Identify, validate or add the types of sport, the description of sport events, equipment, garment etc. that are presented in the image.

Cities and landscapes:
Describe the types of buildings, means of transports, landscapes, geographical elements and crafts!

Best contributors will get a reward!

CrowdHeritage Partners:

CrowdHeritage is a European project supported by European Union under the framework of the CEF Telecom program – Generic Services
